TO

NAWAB HAFIZ MOHAMMED SAADAT ALI KHAN
BAHADUR, SOWLAT-I-JUNG.

Dated Tonk, the 1st September, 1933.

YOUR HIGHNESS,

I have the honour to submit herewith the Administration Report of the
Tonk State for the year 1339 Fasli, corresponding to the year 1931-32.

I have the honour to remain,

Your Highness' most obedient servant,

D. DE. M. S. FRASER,

Major,

Principal Official and Adviser.

Report on the Administration of the Tonk State for the year 1931-32 (1339 Fasli).

CHAPTER I.

GENERAL.

1. The founder of the State was Nawab Amir Khan, an Afghan of the Buner Tribe known as Salarzai. Early in the 17th Century, one Taleh Khan left his home in the Buner country and took service in Rohilkhand with Ali Mohammed Khan, a Rohilla of distinction. His son, Hayat Khan, acquired considerable land in the Moradabad district and was the father of Amir Khan. The latter was born in 1758 and when 20 years of age, left his home to carve out a career for himself. He first offered his services to De Boigne who was recruiting for Sindhia's Army, but De Boigne considered that he was too young and inexperienced, and declined to enlist him. For the next ten years he served as a mercenary leader whenever he could find lucrative employment, and in 1798 he was advanced to the command of a large army in the service of Jaswant Rao Holkar. He fought with distinction in the campaign against Sindhia and the British, and took no small part in levying the indemnities imposed on Rajputana and Malwa. Holkar appreciated his fighting qualities and in order to have his services permanently at his command, he agreed to share all conquered territories with him. Sironj was accordingly made over to Nawab Amir Khan by Holkar in 1798, and Tonk and Pirawa fell to his share in 1806, Nimbahera was added to his territory in 1809 and Chhabra in 1816. On the entrance of the British into Malwa Nawab Amir Khan made overtures to them but the conditions he proposed were considered to be extravagant and unacceptable. The British, however, offered to guarantee him all the lands he had been granted by Holkar on condition that he abandoned the predatory system he had adopted; disbanded his army and surrendered his artillery, with the exception of 40 guns, to the British at a valuation. Amir-ud-Daula Bahadur agreed to these proposals and they were embodied in a treaty in 1817. To the territories thus granted, i.e., the five parganas already mentioned, the Fort and pargana of Rampura, now known as Aligarh, were added by the British Government and a sum of three lakhs was also given to him to enable him to finance his State. He administered the State till his death in 1834, when he was succeeded by his son, Nawab Wazir Mohammed Khan, Wazir-ud-Daula. The latter did much to consolidate the State, and during the Mutiny of 1857 he distinguished himself by holding the Tonk Fort with a small garrison against the combined forces of the Nawab of Banda and Tantia Topi. In acknowledgment of his services, his salute was raised from 15 to 17 guns, and he received a Sanad guaranteeing the succession of his family according to Mohammadan Law, in the event of failure of Natural heirs. He died in 1864 and was succeeded by his son Nawab Mohammad Ali Khan, who was deposed by the British Government in 1867 and was exiled to Benares; where he died in 1895. His eldest son, Nawab Hafiz Mohammed Ibrahim Ali Khan, succeeded him in 1867 and ruled

the State for 63 years and died at the age of 83 on June 23rd, 1930. His late Highness' long reign witnessed many changes and as a mark of the respect and esteem in which he was held by the British Government and as a tribute to his loyalty and character he was granted the titles of G.C.I.E. and G.C.S.I. He was succeeded by his eldest surviving son, Nawab Hafiz Mohammed Saadat Ali Khan, the present Nawab. His Highness' full title is Said-ud-Daula Wazir-ul-Mulk Nawab Hafiz Mohammed Saadat Ali Khan Bahadur Sowlat-i-Jung.

**Situation
and area**

2. The Tonk State is situated partly in Rajputana and partly in Central India and consists of parganas which are separated from each other by distances varying from 20 to 250 miles, a factor which is not an inconsiderable disadvantage so far as administration is concerned. The parganas in Rajputana are Tonk and Aligarh lying between latitude $25^{\circ} 45'$ and $26^{\circ} 30'$ and longitude $75^{\circ} 30'$ and $76^{\circ} 15'$ bounded on the North, East and West by the Jaipur State, and by the Jaipur and Bundi States on the South; and Nimbahera a mass of island territory surrounded by and interlaced in Mewar Territory lying between latitude 25° and $24^{\circ} 15'$ and longitude $74^{\circ} 15'$ and 75° . The parganas in Central India are Chhabra, Sironj and Pirawa. The Chhabra pargana lies within latitude $24^{\circ} 30'$ and 25° and longitude $76^{\circ} 30'$ and $77^{\circ} 15'$ and is surrounded by the Gwalior and Kotah States. The Sironj pargana is the largest in the State and lies between latitude $23^{\circ} 45'$ and $24^{\circ} 30'$ and longitude $77^{\circ} 15'$ and 78° and is surrounded by the Gwalior State on East and West and North, and by the Bhopal State on the South. The Pirawa pargana lies between latitude 24° and $24^{\circ} 30'$ and longitude $75^{\circ} 45'$ and $76^{\circ} 15'$ and is surrounded by the Jhalawar State on the North and by the Indore State on East, West and South.

The State has a total area of 2,553 square miles.

**Physical
Features.**

3. Owing to the fact that the different parts of the State are separated by such distances the physical features vary considerably. The country round Tonk is flat at a general elevation of about 900 feet with outcrops of rocky hills and is traversed by the Banas river. The soil is somewhat sandy and the sub-soil water is limited. The 2 parganas of Nimbahera and Pirawa are on the Northern edge of the Malwa Plateau and the soil is chiefly black cotton. The Chhabra and Sironj parganas are geographically in Central India, the soil is mainly black cotton and these areas contain large tracts of jungle. Tigers, panthers bear, sambhar and cheetal abound in the jungles of these 2 tracts.

**Climate and
Rainfall.**

4. The climate of Tonk is dry and healthy though very hot in the summer, temperatures of 115 and even 118 being not uncommon, while in winter the temperature rarely falls below 40 the climate of the other parganas is not so extreme.

The average rainfall in Tonk and Aligarh is 25 inches; in Nimbahera 26; in Pirawa 26; in Sironj 42 and in Chhabra 34 inches.

The rainfall at Tonk during the year under report was	... 26'73 inches.
The rainfall at Aligarh during the year under report was	... 25'51 "
The rainfall at Nimbahera during the year under report was	... 30'44 "
The rainfall at Pirawa during the year under report was	... 38'45 "
The rainfall at Sironj during the year under report was	... 45'78 "
The rainfall at Chhabra during the year under report was	... 63'28 "

5. The Cotton and Jowar crops in Sironj, Chhabra and Nimbahera suffered considerably from excessive rains. Due to the continued wide spread agricultural depression and there being no demand for grain from outside the State prices remained very low. Cultivators have had to part with their cattle and these at a very cheap rate owing to the tightness of money, to enable them to pay their dues to the State. The drop in State revenue directly due to the above conditions was considerable but not as much as the previous year.

Seasons and
Crops.

6. The population of the State according to the census of 1931 was 3,17,360 (1,64,401 males and 1,52,959 females) as compared with 2,87,898 in 1921. This amounted to an increase of 10.2 per cent. Of the total population 62,675 or 82.76 per cent. are Hindus; 44,234 or 13.93 per cent. are Mohammadans; 10,451 or 3.29 per cent. other religions.

Population.

7. The State has a coinage of its own called "Chanwarshai" which is current only in Tonk and Aligarh parganas. It is a silver coin weighing 90 ruttis and containing 81 ruttis of silver, with small pieces and copper pice. The average rate of exchange during the year was Rs. 129. The British Kaldar rupee is current throughout the remaining parganas of the State.

Currency.

8. The Official year in Tonk begins on 1st November and ends on 31st October.

Official Year.

9. The total receipts for the year 1339 Fasli were Rs. 21,74,084, as compared with Rs. 23,47,282-12-11 in the year 1338 Fasli showing a deficit of under Rs. 90,000, against the budgetted demand of Rs. 22,63,933. The total expenditure was Rs. 19,65,951.

The work of the Secretary M. Hamid Husain has throughout been most satisfactory.

STATE COUNCIL.

The Tonk Council of State Act came into force on 15th January, 1932, and has worked most successfully. The duties, functions and powers of the State Council are now clear and defined and throughout the year work has been carried out smoothly and expeditiously.

16. A great and far reaching change took place during the year. The Council divested itself of its Judicial functions when on 1st March, 1932, a Sessions Court came into being and on 1st August, 1932, when the Tonk Chief Court was established. Up to these dates the Council acted as it had in former years as Sessions Court and High Court both Civil and Criminal. After the 1st August, 1932, the separation of the Judicial from executive was a *fait accompli*. The Council now only hears Revenue appeals from the orders of the Revenue Member.

Judicial
functions of

Nimbahera Pargana Rs. 5,510-6-3	owing to the insolvency of the Zamindars.

Recoveries from the arrears of the preceding years amounted to Rs. 38,398-4-2 as against the budgetted figure of Rs. 37,710-5-8. The increase of Rs. 687-14-6 is in Aligarh and Nimbahera Parganas only.

The liquor contract of Tonk, Aligarh and Nimbahera Parganas are under the Farming (Potstill) system and the contractors pay a fixed sum to the State in the form of license fee every year. With effect from the 1st January, 1932, the other 3 Parganas Chhabra, Pirawa and Sironj were placed under the new Madras system as devised by Diwan Bahadur Pandit Piare Lal Bhargava late Extra Assistant Commissioner, Ajmer, Merwara. Under this system individual shops in each Pargana were auctioned and the licensees were supplied liquor from the State godowns established in each Pargana at the warehouse rates which include cost price of liquor and an Excise Duty of Rs. 5 per L. P. gallon in the case of Chhabra and Pirawa and Rs. 5-10-0 in the case of Sironj. The retail prices have been fixed at Re. 1-2-0 and 9 annas per bottle of 25 and 60 U. CHAPTER IV.

FINANCE.

37. Major D. de. M. S., Fraser, I.A., continued as Finance Member Personnel.
throughout the year.

There was no change in the superior control in the Finance Department. Munshi Faiz Ahmad continued in charge of the Finance and Treasury Sections and Lala Sri Mohan Lal in charge of the Audit and Pay Sections, under the general control of Lala Gulab Chandra Jaini, Personal Assistant to the Finance Member.

38. The retrenchment affected during last year worked out at a saving in expenditure of 1½ lakhs. Further retrenchment was undertaken during this year in quarters left unaffected at that time the heaviest being in the Army. This however, entailed an unbudgetted expenditure during the year on account of compensations, pensions and gratuities specially sanctioned by the Darbar. It can now be claimed that all possible avenues of retrenchment in expenditure have been tapped and very little is now left to be gained by this means. Retrenchment.

39. The work of re-organisation was studiously but gently pursued throughout the year. Among the most important changes may be mentioned :— Re-organisation in Accounts & Office Work.

(1) An Audit register has been introduced in the Audit Office which will give a complete and detailed account of the service of all pensionable employees of the State and will serve the dual purpose of avoiding double payments of salaries which were frequently noticed in the past and a means of checking the pensions papers.

(2) Revision of the forms of salary bills and the complete overhaul of the system of checking these bills resulting in automatic control in the dispatch and check of acquittance rolls. These were found to be in arrears in some cases for four or five years resulting in unnecessary correspondence.

(3) Revision of forms of T. A. Bills and a complete change in its checking necessitated by the issue of the T. A. Rules.

(4) Arrangements for checking of pension papers due to the issue of Pension Rules for the first time in the State.

(5) The insistence on the system of prior approval by the Finance Department before obtaining sanction to new expenditure.

(6) Cleaning up of the long outstanding deposits and advances extending over a period of, in some cases, 20 years.

The most important change was the complete re-organisation of the Audit and Pay Branch during the year. For proper control of Audit the augmentation of the Staff was an urgent necessity and the additional work thrown by the reforms made this imperative. The work in the Finance Branch was reduced and the personnel thus made available was transferred to the Audit Branch. The Audit Office was re-organised and divided into sections each under a Munsarim for the audit of Pay, T. A. and contingent expenditure with a record room of its own. Additional staff is still required but this has been left over for a more favourable time. Another important question which had to be considered was the pay of the Staff. The pay of the Staff of the whole

Department was lower than any other Department and to compensate them for the heavy work imposed it was absolutely essential to make a slight increase. This was arranged for on a moderate scale by the conversion of their pay from Chanwarshahi into Kaldar at a very small cost to the State.

Another important move was the inauguration of local inspections. No trained auditors being available the Assistants were sent out to make local inspections with valuable results.

A case of embezzlement took place in a distant Tehsil and this has necessitated the appointments of two Tehvildars in two distant Tehsils under the Treasurers.

Receipts and
Expendi-
tures.

40. The year opened with an opening balance of Rs. 4,98,720 against the opening balance of Rs. 1,81,410 in the previous year. The total receipts during the year 1339 including opening balance amounted to Rs. 32,36,628 (the ordinary revenue being Rs. 21,74,085) as compared with Rs. 34,65,700 in the year 1338 Fasli (the ordinary revenue being Rs. 23,47,283). The expenditure of the year amounted to Rs. 27,42,723 (the ordinary expenditure being Rs. 19,65,882) against the sum of Rs. 29,66,980 (the ordinary expenditure being Rs. 20,94,066) in 1338 Fasli, leaving a closing balance of Rs. 4,93,905 against a closing balance of Rs. 4,98,720 at the end of 1338 Fasli. The chief factor which has contributed to the fall of revenue was the world-wide depression from the effect of which this isolated State did not remain untouched.

Currency
Policy.

41. The control over exchange referred to in the last Administration Report having affected its purpose and being no longer required was withdrawn. As usual, this caused a reaction but with careful handling the rate was kept constant without any material fluctuations. Two factors have contributed to this firmness in exchange one being the ability of the Treasury to meet all demands for Kaldar coin and the second being the comparatively favourable position between the value of exports and imports to which the following facts contributed, (1) by an unrestricted export of grain, (2) revision of Custom Schedule, (3) free export of gold without any Customs Duty.

The orders regarding defaced coins were revised and it was declared that coins which could not be recognised as Chanwarshahi should be declared as uncurrent and cut when presented at Treasury. This became necessary owing to the fact that complaints were being received about the currency of counterfeit and unauthorised coins which all vigilance failed to detect.

The Chanwarshahi Copper coin in circulation was also found to be insufficient for the demand, and it was found necessary to have more copper coins minted. The opportunity has, therefore, been taken to introduce a superior design of copper coin of the same size, weight and dimension as the British India coin. The Government of India have kindly agreed to allow this coin to be minted at the Calcutta Mint. Reforms have also been introduced in the matter of Stamps. Court-fee Stamps have been separated from non-Judicial Stamps with a distinct colour of its own and a new design, of very superior quality has been prepared by the Government Security Press, Nasik. During the year Standard paper for petitions was also introduced which is available for sale with all Stamp-vendors.

State Debt.

42. By the end of the year 1338 Fasli a list of debts was ready with the result that the liability of the State excluding interest was found to be

Rs. 11,16,413 Kaldar and Rs. 6,93,193 Chanwarshahi. Special investigation was necessary in order to check the accuracy of the claims put forward against His late Highness and the Darbar. A strong Committee presided over by K. B. Sz. Mohammed Abdul Tawwab Khan, Salar Jung, Home Member, and consisting of Sz. Abdul Aleem Khan, Feroze Jung, and M. Faiz Ahmad was appointed. The findings of this Committee were subject to the approval of the Finance Member and the Darbar. The Committee began its work on 1st March, 1932, and by the end of August, 1932, nearly all cases committed to this Committee were disposed of. Claims of merchants outside Tonk were generally compounded at 12 annas in the rupee, those of local merchants and miscellaneous persons were carefully examined with reference to the rates charged and the amount was fixed on the merits of each case, sometimes the deductions amounting to 8 annas in the rupee. The claims of Khandan and Shagirdpesha were necessarily dealt with drastically since the investigation proved that in almost every case the claim was exorbitant.

Property worth Rs. 30,581 was handed back to two creditors; and their claims against the State were reduced by this amount. The Budget contained a provision of 2½ lakhs Chanwarshahi for the liquidation of debt. Payments of just over Rs. 50,000 Kaldar and 1 lakh Chanwarshahi were actually made during the year. Promissory Notes of the face value of 3 lakhs which were hypothecated with the Ajmer Seths were disposed of at a favourable opportunity and the sale proceed utilised towards the liquidation of mortgage-money.

The total reduction of the debt amounted to Rs. 4,30,063 Kaldar and Rs. 2,85,756 Chanwarshahi leaving a balance of Rs. 7,80,839 Kaldar and Rs. 4,08,837 Chanwarshahi. This includes both investigated and uninvestigated claims. These will be dealt with in the next year for which Rs. 90,000 have been taken from the balance of 2½ lakhs budgetted for in 1339 Fasli.

Lastly an arrangement was made with the Ajmer Seths to lease the Latai Tehsil for 5 years at Rs. 1,30,000 Chanwarshahi per year. This will automatically liquidate Rs. 6,50,000 of debt during the period of the lease.

43. Rules to regulate the grant of pension and leave were sanctioned General.
during the year.

The Staff of the Finance Department during this period of reform and transition worked most satisfactorily. Worthy of mention as last year are Lala Gulab Chandra Jaini, M. Faiz Ahmad and Lala Sri Mohan Lal.

CHAPTER V.

JUDICIAL.

Judicial
System

44. During the year under report several very important reforms were introduced in the Judicial Administration of the State. Formerly there was no post of District and Sessions Judge and no regularly constituted Chief Court. The Sessions cases were disposed of by the State Council on the basis of the evidence recorded by Committing Magistrates. In both civil and criminal cases the first appeals and revisions were heard by the Judicial Member and the second appeal by the State Council; and further appeals lay to His Highness. The Council has now been divested of all Judicial powers as regards both classes of cases. A separate District and Sessions Judge has been appointed and the Sessions cases relating to each Pargana are disposed of by him at the headquarters of that Pargana. The Parganas are so scattered that it is difficult to secure the attendance of the witnesses of any outlying Pargana at the headquarters of the State. The powers of the Chief Court are exercised by the Judicial Member alone as Chief Judge except in certain heinous classes of cases in which another Member of the Council is nominated by His Highness as a Judge to sit along with the Chief Judge to form a Bench. A separate nomination is made for each particular case. As regards criminal cases His Highness has reserved to himself only the power of confirming death sentences and the power of disposing of appeals for mercy. As regards civil cases he has reserved to himself the powers of the Privy Council subject to the limitations prescribed in the Civil Procedure Code in regard to the exercise of such powers. Thus in regard to the disposal of both civil and criminal cases the Procedure has been practically in all respects brought into conformity with the Civil and Criminal Procedure Codes. The organization of Subordinate Courts remained the same as last year.

Personnel

45. K. B. Sheikh Rahim Buksh, O.B.E., took over charge as Judicial Member from Mr. E. T. D. Ferguson on 4th April, 1932, and continued in this post till the end of the year.

The Chief Court was inaugurated on 1st August, 1932, and K. B. Sheikh Rahim Buksh, O.B.E., was appointed Chief Judge.

Sz. Abdul Basit Khan was appointed Registrar in addition to his duties as Assistant to the Judicial Member.

M. Ahmad Ali, Vakil was appointed Public Prosecutor.

A District and Sessions Court was created and K. B. Makhdum Sayed Sher Shah Jilani, a Retired Officer of the Punjab Provincial Service, was appointed District and Sessions Judge on 1st March, 1932. The only change among Subordinate Judicial Officers during the year was the resignation of Syed Jalal-ud-din Munsiff and 2nd Class Magistrate, Sironj and the appointment of Sz. M. Yasin Ali Khan in his place.

Criminal
Cases.

46. The total number of offences committed or rather of criminal cases including Police chalans instituted during the year under report was 2417 as against 2001 in the preceding year. The total number of accused persons whose cases were disposed of by Magistrates during the year under report including those whose cases remained pending at the close of the preceding year was 3630 and of these 1013 were discharged, 1780 acquitted and 837 convicted.

Including the two Sessions cases pending at the close of the preceding year the total number of sessions cases for disposal during the year under report was 31. Of these 18 were disposed of and 8 remained pending at the close of the year. In the remaining 5 cases the order of commitment had to be quashed for one reason or other. Of the cases disposed of during the year under report 5 resulted in discharge or acquittal and 13 in conviction.

47. At the close of the preceding year 147 criminal appeals were pending in the Court of the Sessions Judge and 284 were filed in the year under report. Of the total number of appeals *viz.*, 431, 347 were disposed of, 35 were transferred to the Chief Court and 49 remained pending at the close of the year. It may be explained here that the appeals transferred to the Chief Court were really appeals under Section 417 of the Criminal Procedure Code which should not have been sent in the first instance to the Sessions Court.

Criminal Appeals.

The total number of criminal appeals and revision cases pending in the Chief Court at the commencement of the year under report was 21, and 149 appeals and revision cases were instituted during that year. Of the total number of 170 appeals and revisions cases for disposal 94 were disposed of leaving a balance of 76. These figures include both the appeals and revision cases heard by the Council during the period when it exercised the power of High Court and those heard by the newly constituted Chief Court which, as already stated, began to function on 1st August, 1932.

Thus the figures 49 plus 76 of appeals pending at the close of the year compares favourably with last year's figure which was 147.

48. Including 495 suits pending at the close of the preceding year the total number of civil suits for disposal during the year under report was 2657 and of these 2044 were disposed of leaving a balance of 613. As compared with the preceding year there was a slight decrease in the number of decided suits, *viz.*, from 2044 to 2160. The pending file was heavy in the Sironj Pargana and the attention of the Munsiff has been recently invited to the necessity of reducing it as far as possible. With the exception of 91 suits relating to immovable property and 155 suits of miscellaneous nature all the suits were money suits. The value of the suits was generally small, there being only 9 suits exceeding Rs. 5,000 only, 23 suits exceeding Rs. 1,000, and only 45 suits exceeding Rs. 500 in value.

Civil Cases.

49. The total number of execution cases pending at the close of the preceding year was 994 and 1727 cases were instituted during the year. Of the total number of 2721 cases, 1594 were disposed of leaving a balance of 1127. The total amount recoverable was Rs. 3,28,120-3-11 of which Rs. 1,50,953-12-5 were recovered. It appears that execution work is not being given the attention it should, as the pending file is very heavy in the Courts of the Civil Nazim of Sadar and the Sironj Munsiff; and most of the cases pending in all the courts are more than six months old.

Execution of Decrees.

50. Including the 154 first civil appeals pending at the close of the preceding year there were 439 first appeals for disposal during the year under report. Of these 377 were disposed of leaving a balance of 62. The Chief Court disposed of 172 civil appeals and revisions during the year leaving a balance of 56, *i.e.*, a total of 118 as against last year's figure of 154.

Civil Appeals.

Registration

51. Five hundred and seventy-eight deeds were registered during the year as compared with 616 last year, a decrease of 36. Registration fees amounted to Rs. 2,628-11-0. Of this amount Rs. 407-6-0 was paid to Clerks as their allowance and the balance of Rs. 2,221-5-0 was credited to the State Treasury.

Miscellaneous.

52. There are several other matters relating to the year under report which require mention as having an important bearing on Judicial Administration. The British India Court-fees Act was applied to the State subject to certain minor changes. The fees prescribed in that Act are substantially higher than those previously in force and the application of the Act to the State is, therefore, bound to result in an increase of income. There existed formerly no Act under which any person could be declared to be insolvent. This defect was remedied during the year under report by prescribing that insolvency applications should be entertained and disposed of in accordance with the procedure prescribed in the British India Provincial Insolvency Act. Detailed instructions were issued as to what property of Khatedars should be considered to be exempt from attachment and sale in execution of decrees in addition to the property exempted under Section 60 of the Civil Procedure Code and as to what procedure should be followed in the attachment and sale of their property liable to be attached and sold. Rules were also framed under Section 122 of the Civil Procedure Code under which no rules had been previously framed.

JAILS.

Jails in State.

53. There is a Central Jail in Tonk and a Jail in each Pargana except Aligarh. All prisoners whose sentences exceed 1 year's rigorous imprisonment are sent to the Central Jail, which is a commodious Jail capable of holding 132 prisoners.

Superintendent.

54. Sahibzada Abdul Basit Khan continued to work as Superintendent Jails, under the supervision of the Judicial Member.

Population of Jails.

55. At the beginning of the year there were 136 prisoners in the Central Jail, and 66 in the Pargana Jails. Admissions during the year were 146 in Central Jail and 364 in the Pargana Jails. The daily average in the Central Jail was 147.09 and in Pargana Jails 75.35.

Discipline.

56. There were 21 offences against Jail Rules as compared with 6 last year.

Escape.

57. One prisoner escaped from the Chhabra Dispensary where he had been sent in charge of a Police Guard for the treatment of a disease for which proper arrangements could not be made in the Jail.

Deaths and General Health.

58. Two under trial prisoners Zalima and Pirtha died of general debility and severe attack of head operation in the Central Jail and one under trial prisoner named Ranglal died of pneumonia in the Chhabra Jail on 23rd October, 1932.

The general health of the convicts was good. No change was made in the diet.

Expenditure.

59. The total cost of the Jails amounted during the year under report to Rs. 29,085 as compared with Rs. 29,296 last year due to the cheapness of grain.

The average cost of a prisoner was Rs. 45-10-6 per annum.

60. Durries, numdas, country cloth, bamboo and wooden work, etc., are made in the Central Jail. The Jail runs its own workshop and buys yarn, wool, etc., and the profit is credited to the Jail income and a sum is credited every year to the Treasury. Jail Industries.

				Rs.
The total income from industries including balance	14,918
Expenditure on industries was	5,968
Balance	8,950*

* Out of which a sum of Rs. 2,921 was credited to the State Treasury.

CHAPTER VI.

Nimbahera „	M. Abdul Qadar Khan.

In the charges of Circle Inspectors there were the following changes :—

Head Constables	80
Constables	722
Sawars	10
Clerks	11

There are 36 Thanas in the State.

Cognizable crime reports investigations and results.

63. Including cases reported to courts the total number of true offences is 2,035, a decrease of 60 cases on the figures of the previous year. The decrease includes 10 cases under head "Dakaity", there is also a decrease on a smaller scale in other heinous classes the most marked decrease was under head "Miscellaneous" which fell from 417 last year to 369 this year.

The classes under which there was only a very slight variation needs no comment as it was due to normal fluctuation; under head "Miscellaneous" the decrease would have been greater if it had not been for the institution of a very large number of cases under Section 409 I. P. C. in the Sironj Pargana against a "Tehsil Tehvildar".

Of the cases reported Sironj and Pirawa showed an increase of 93 and 49 cases.

Tonk, Aligarh, Nimbahera and Chhabra showed a decrease of 100, 29, 66 and 7 cases. Including pending cases from last year and cases reported there were 2299 to be dealt with as against 2428 last year, of these 2030 cases were enquired into while in 269 cases investigation was refused, only 9 per cent. of cases were not investigated. In British India the percentage of cases in which investigation is refused is over 25. Of the cases enquired into 930 were sent upto court, 865 remained untraced, 140 were expunged and 95 remained pending enquiry at the close of the year.

Of the cases decided during the year 476 ended in conviction, 139 were acquitted, 60 compounded, 2 expunged, 6 made over to other States, 44 dealt with under Section 512 C. P. C. and 203 were pending trial at the close of the year.

The percentage of cases investigated to challaned is 45 against 42 last year and the percentage of cases challaned to convicted is 51 against 57 last year.

64. Superintendents and Circle Inspectors have failed to make sufficient personal investigations, though some of them are now supervising crime more closely, cases are still being sent up to court on very flimsy or no evidence. Cases are, however, not allowed to remain pending investigation as formerly, as is clear from the fact that this year the investigation of 59 cases only could not be completed, in 1334 Fasli there were 189 such cases.

Investigations.

65. The number of persons arrested for offence during the year was 1442 against 1625 last year, of these 1329 were challaned to Court, 48 were released by the police and the cases of 65 were pending investigation. Of the persons challaned 687 received conviction, 269 were acquitted, the cases of 85 were compounded, 6 were handed over to other States, 1 died during the pendency of the case against him, 2 escaped from Judicial Lock-up, and the cases of 279 were pending at the close of the year.

Conviction of persons.

66. The percentage of acquittals is 15 to 17 last year, though a slight improvement on last years work it is far from satisfactory and does not reflect credit on the capabilities of the prosecuting staff, though as has been pointed out in previous reports the Police are not wholly to blame for this unsatisfactory state of affairs. There are other contributory features and until these are overcome much improvement can not be expected.

Acquittals.

67. Property worth Rs. 77,758-6-0 was stolen during the year under report as against property worth Rs. 83,104-11-11 last year, the percentage of recoveries is 44 against 34 last year; this is a far greater percentage than is obtained in British India which generally varies between 10 and 15 per cent. The percentage of Tonk and Pirawa Parganas fell slightly, all other Parganas showing an increase. Sironj rising from 46 to 72 this year.

Recoveries

68. Non-cognizable crimes decreased by 71 cases during the year, the figures being 146 against 217. The total number of cases for disposal was 178 of which 161 were tried out, 116 ending in conviction, 9 in acquittals, 4 were dealt with under Section 512 C. P. C., 6 were made over to other States and the cases of 26 were pending trial at the close of the year.

Non-cognizable Crimes.

69. Four hundred and thirty-five Search Slips were prepared during the year as against 184 last year. Of these 13 were of criminal tribes and 622 of other persons, of these 1 of criminal tribe and 43 of other persons were traced from Bureaux concerned, the number of Finger Prints taken was the same as last year. The total number of forms prepared was 733 against 482 last year, 14 death reports were prepared against 8 last year. There were three calls during the year for the Finger Prints in cases. The Sub-Inspector, Finger Print toured all the Parganas and Criminal Tribe Settlements and checked the work of Pargana Officers and prepared Finger Print Slips where required, the work of Sironj and Nimbahera Parganas was not quite upto standard due to slackness and want of interest in the work by Court Sub-Inspectors. One hundred and twenty-one persons were trained in taking Finger Impressions as against 103 last year. Search Slips are now being prepared by station officers at Police Stations. No delays in receiving replies from various Bureaux came to light. Sub-Inspector Nazir Ahmad Beg is in charge of this branch of the work and is to be

Finger Print Work.

commended for successful working. In addition to this work he also assists in conducting prosecution in the Sadar Courts.

Absconded
Offenders.

70. At the beginning of the year there were 333 absconded offenders registered in the State. Two hundred and seventy-five of these were of Class "A" and 58 of Class "B", of these only 123 were residents of the State. One hundred and twenty-three persons absconded during the year, 121 of Class A and 2 of Class B, of these 87 only were residents of the State, the names of 61 persons were expunged from the register, 60 of Class A and 1 of Class B. Thirty-three were residents of the State, so at the close of the year there were 395 absconded offenders on the register, of these 177 only were residents of the State.

Action under Section 512 C. P. C. has been taken against them. Only 15 absconded offenders were arrested by the Police during the year, this is unsatisfactory and shows that the Police are not paying sufficient attention to this branch of their work.

Criminal
Tribes.

71. No new tribes or gangs were proclaimed during the year but a family of Kanjars who escaped the vigilance of the Nimbahera Police were settled in Chikara Circle. There are now 5 settlements administered by the Police, the Moghias at Sironj have practically given up their evil ways and have taken to cultivation, so is the case with the Sansias of Ahmadpura and the Baorilis of Nimbahera, the latter have evinced a real desire to reform and adopt an honourable means of livelihood. The Kanjars settled at Turkipara in the Chhabra Pargana absconded *en masse*. They are a turbulent lot who for generations have inhabited the Chhabra Forests and parts of Kotah and Gwalior moving from one State to the other as it suited them, taking protection from dishonest officers of the State they had their temporary residence in, and committing crimes in the adjoining tracts. Since their permanent settlement at Chhabra and stricter surveillance, they find it different to the old order of things. It was only after a lengthy correspondence that they were surrendered by the Gwalior Police to stand their trial under Section 17 Criminal Tribes Act. All the male members of the gang with the exception of two who are still at large were sentenced to terms of imprisonment and have only just been released. Under orders of the State Council their settlement has been removed from Turkipara to village Khokai to where Gogor Police has also been removed for the special purpose of keeping them under closer surveillance.

Motor Re-
gulation and
Control.

72. A sum of Rs. 2,073 was realized during the year under head licences and registration of vehicles, of this a sum of Rs. 120 was spent in payment of allowances and purchase of forms and the balance of Rs. 1,953 credited into the Treasury.

Buildings.

73. A sum of Rs. 1,500 only was sanctioned for repairs to Police Buildings, of this only Rs. 948 was expended owing to Financial stringency. Most of the buildings allotted to the Police are unfit to be called Police Stations and both officers and men have to live under deplorable conditions. This matter will, however, be fully attended to when funds permit.

Rewards.

74. One hundred and eighty-six Officers and men were rewarded during the year and of the sanctioned allotment a sum of Rs. 355 was disbursed. In some cases the Officers were rewarded by a good conduct entry in Character Rolls.

75. Only 1 case under Section 109 C. P. C. and none under Section 110 C. P. C. were instituted during the year throughout the State, as against twenty-eight and twenty-five cases respectively under these sections during last year. Preventive Sections.

76. Eleven cases under this head were instituted during the year 2 in Tonk, 2 in Nimbahera, 2 in Pirawa and 5 in Chhabra. In Tonk, Nimbahera and Pirawa all the cases were convicted, one of the Tonk case was an important one in which a notorious gang was broken up with the assistance of the Opium Contraband Department of Ajmer. Opium Act.

77. The improvement in training both on the Parade ground and in the Lines School has been maintained at Headquarters. Progress is, however, slow in Parganas, to which attention of Superintendents and Pargana Inspectors is drawn. Training and Health.

The two Sub-Inspectors sent for training to the Police Training School at Moradabad returned in December, one fully qualified at the Final Test, the other Sz. Rashidullah Khan failed in Law and Police, three more candidates have been sent this year.

One Head Constable and one Lance Constable by the courtesy of the Inspector-General of Police, Jaipur were given instructions in Traffic control and Basket Ball in the Jaipur Reserve Lines and they both qualified. The health of the force in general has been good but owing to there being no reserve, leave is restricted and the men have to do duty everyday without a break of any kind.

78. Discipline has been good generally, the general tone of the rank and file of both Armed and Civil Police shows all round improvement, cases of absence are still heavy and these are chiefly due to the conditions under which the Police work. Discipline Misconduct and punishment.

79. It may be claimed once more that the year has been one of steady progress, there is much corruption to be overcome but the old third degree methods so common a few years ago are fast dying out and once the old class of officers is replaced by a better educated class the general complaint against the Police will be a thing of the past. Conclusion.

The Superintendents according to their ability have all put in a useful years work under very trying conditions. The members of the clerical staff of my office have performed their duties willingly and cheerfully ; the following deserve special mention :—

M. Syed Rahmat Shah, Superintendent of Police, Tonk.

B. Darbari Lal, Head Clerk.

B. Murli Mohan Lal, Accountant.

M. Mahmud Ali Khan, (S.I.), Reader.

M. Nazir Ahmad Beg, Finger Print Sub-Inspector.

CHAPTER VII.

MILITARY.

Strength of
Forces.

80. The total number of men serving in the Army at the end of the year was 1366, as compared with 1572 of the previous year.

The decrease in number was due to retrenchment and to the fact that new recruitment was stopped during the year.

The disbanded Sillidar Cavalry was given liberal compensation and pension according to the special orders passed by His Highness. Other troops were granted pensions or gratuities which ever was admissible.

Expenditure
on Army.

81. The total expenditure on the Army was Rs. 2,44,536. Rupees 13,000 was the cost of buying out 66 Sillidars at Rs. 200 each, a sum not budgetted for but included in the above cost.

Arms of the
Forces.

82. The Sepoys of the "Husni Paltan" are armed with 673 old and useless guns. The Cavalry use their own weapons, which are older still. The State Army is employed chiefly as guards.

CHAPTER. VIII.

EDUCATION AND MEDICAL DEPARTMENTS.

83. The State maintains one High School and two Branch Schools in Tonk; two Lower Middle Schools, one at Nimbahera and the other at Sironj, and three Primary Schools at Chhabra, Pirawa and Aligarh each. Education Department.

84. There are besides 23 Hindi and 27 Urdu Infant Schools the cost of which is met from the Mulba Fund. This fund is obtained from a cess levied from Khatedars at the rate of 6 pies per rupee of land revenue, the proceeds of which are paid to Patels after the reduction of certain charges incurred for the benefit of those from whom the cess is levied. Number of Schools.

85. There was no change in the staff of the Durbar High School except the appointment of M. Hasan Ajmal, M.A., LL.B., L.T. as Head Master and the appointment of a new Drill and Scout Master. Personnel.

86. The total expenditure on Schools during the year under report is as follows compared with the previous year:— Expenditure on Education.

			1889 Fasli.	1888 Fasli.
			Rs.	Rs.
High School	12,095	12,248
Lower Middle Schools	3,694	3,270
Branch Schools	831	831
Infant Schools	6,414	6,414
Total	...		23,034	22,763

87. The total number on the rolls of the different schools is as follows:— Number of Students

			1889 Fasli.	1888 Fasli.
High School	220	233
Lower Middle Schools	477	479
Primary Schools	138	140
Branch Schools	162	162
Infant Schools	1,004	1,004
Total	..		2,001	2,018

It must be admitted that this is a very small fraction of the population of the school going age.

88. The Lower Middle Schools provide only a 6 year's course both English and Urdu being included in the curriculum. The result is that students acquire only a very slight knowledge of languages. In the Primary Schools only a 4 year's course is provided. Education Provided

There remains a great deal to be done in providing educational facilities both in the case of the Urban and the Rural population.

It should not, however, be supposed that the present educational facilities fall considerably short of the demand, for as a matter of fact very little appreciation of the benefits of education is shown by the people generally. The people of Sironj and Nimbahera, however, have recently petitioned for the raising of the status of their schools.

89. This year the High School sent up 14 candidates for the Matriculation Examination of whom 4 passed in the 2nd Division and 3 in the 3rd. Results of Examinations

The optional subjects in which the School is recognised are History, Geography, Persian, Arabic, Sanskrit, Urdu and Hindi

Concluding
Remarks.

90. Education is still at a low ebb in the State, but until funds are available it is difficult to take the necessary steps to really raise it. There is no Inspecting Staff and the Existing Staff is inefficient and ill-paid. When money is available a definite and properly thought out policy with the help of expert advice will be undertaken.

MEDICAL DEPARTMENT.

Number of
Hospitals
and Dispensaries

91. The State maintains one General Hospital for males and one Walter Female Hospital in Tonk itself where both indoor and outdoor patients are treated. At the Headquarter of each Pargana there is a dispensary which provides only outdoor treatment.

93. The total number of indoor patients treated at the Male Hospital was 188 as against 126 in the preceding year while the total number of indoor patients treated at the Female Hospital was 185 against 151. As regards outdoor patients the figures of the year under report compare as follows with those of the preceding year:—

95. Both the General Hospital and the Walter Female Hospital are situated in the middle of the city and the accommodation provided is unsatisfactory. The dispensaries in Chhab and Pirawa are particularly unsatisfactory and steps are being taken to provide a new dispensary in Pirawa.

CHAPTER IX.

PUBLIC WORKS DEPARTMENT.

Chief
Engineer

98. Mr. Shabbir Ahmad Khan, M. I. Struct. E. M. Inst. B. E., (London), Chief Engineer, was in charge of the Public Works Department throughout the year under report.

Reorganisa-
tion of
P. W. D.

99. Necessary reforms inaugurated last year in the Office Work were continued with equal force, and though much remains to be done, yet several important reforms have been introduced. Most important of these are mentioned below :—

- (a) A Schedule of rates for P. W. D. works was framed and after obtaining the sanction of Darbar through the Finance Department it has been put in force since the year 1340 Fasli and the old method of using the rates without any Schedule has been abolished.
- (b) A register for keeping accounts of Lime Kilns showing the quantity prepared and its issue for works has been started.
- (c) A register in addition to maintaining a usual Cash Book has been opened to show details of Receipt and Disbursement of amount of Madad Tehvil received from the State Treasury and by which the amount expended and that in hand is ascertained at once.
- (d) The Sub-Overseers have now been ordered to record both the works completed under contract and daily labour in their measurement book and not the Contractor's work only.

Supervising
Staff in the
District.

100. This arrangement continued as last year and for want of fund no staff could permanently be appointed for Pirawa and Nimbahera Parganas.

Buildings

101. Public Buildings in Parganas and in Tonk had not been repaired for a long time and many were in a bad condition. The necessary repairs were carried out at an expenditure of Rs. 25, 026-9-3 including some special additions and alterations to the several Buildings.

The more important of which are as follows :—

TONK

- (a) A new State Press Office and Workshop in the Customs Office compound was built at a cost of Rs. 2,369.
- (b) Two new rooms were added to the Council Office at an expenditure of Rs. 3,741-10-11.
- (c) Addition of Verandah to the Building given to the Pleaders in "Dafatir Chowk".
- (d) Construction of Kitchen for State Guest House.
- (e) Construction of Record Room for Finance Office.

The following were the important constructions taken in hand in the Parganas. The total expenditure incurred on Pargana Buildings was Rs. 13,792-13-7.

PARGANA SIRONJ.

102. (a) The construction of a Tehsil Building in Lateri. The Building of Tehsil Office has been completed in the year under report at a cost of Rs. 3,721-15-3. The construction of a house for the Tehsildar will be done next year.

(b) The old Sarkari Kothi was in a dilapidated condition and roofless. This was repaired at a cost of Rs. 3,812-4-11 and now forms an excellent Rest House.

(c) Special repairs were done to the Barracks for Sawars in Pargana Nimbahera at a cost of Rs. 618-13-2.

103. There was a special addition to the Kothi, Northern Gate together with its usual repairs and petty original works in the year under report at a cost of Rs. 11,250-0-1. Palaces.

104. The length for maintenance of the Baroni Road has been increased by $2\frac{3}{4}$ miles as the portion of road lying in the city which was formerly maintained by the Municipal Department has now been included in P. W. D. Roads. Thus the length of Pucca Roads is now $39\frac{3}{4}$ miles and the length of unmetalled road maintained by the P. W. D. is 9 miles only in addition to Municipal Metalled Roads of $5\frac{1}{4}$ miles. Roads.

Five small culverts are constructed at Dips in Miles Nos. 1, 5, 7, 8 and 14 at a cost of Rs. 1,962-1-0 and the road in Miles Nos. 2, 3, 4, 5 and 6 was repaired and consolidated with Kankar at a cost of Rs. 6,216-3-3.

(c) In Mile No. 9 of the Baroni Road there was a very long and big Kachcha dip, where for many months in the year the water accumulated and remained to the great inconvenience of the Public. A culvert with cause way was built here at a cost of Rs. 2,690.

Ordinary repairs were also carried out on other roads of Sadar and in the Parganas. The total expenditure on roads was Rs. 40,175 in the year under report.

There is no doubt whatsoever that the condition of the roads has improved enormously.

With a view to keep them in proper condition in future a scheme of road maintenance has been prepared and will take effect in the next year.

105. The matter of Drains in the City requires attention but this could not be attended to in the year under report owing to the paucity of Municipal Funds. Drainage.

106. No new project was taken in hand in this head during the year under report.

Out of the amount of Rs. 10,000 allotted in the Budget for repairs to Tanks in Tonk proper, the repairs of some 20 Tanks was carried out and the expenditure incurred on them was Rs. 6,254-4-3.

107. The arrangements introduced last year have not only eliminated the complaints but also have reduced the expenses inasmuch as the Budget of expenditure has gone down from Rs. 600 to Rs. 300 only. New instruments and Line were installed during the year at the Tonk Jail. Telephone.

Ferries.

108. Boats of the last year were in sound condition and the same were used this year. Only one small Boat was built for Rs. 1,496-11-9.

The new schedule of Toll for Ferries organised last year did well.

The crossing of the Postal Mail was also carried out without any complaint.

Electric Light.

109. During the year under report the small Power House supplying Electric Light to the State Guest House worked satisfactorily and an amount of Rs. 1,045 was spent including pay of the Establishment, etc.

Budget.

110. The total amount of the Budget was Rs. 1,43,907 + Rs. 2,572-4-0 granted by the Municipal Department for the Municipal Roads = Rs. 1,46,479-4-0 against Rs. 1,33,567 of the preceding year. Out of the budgetted amount Rs. 1,24,777-9-5 were expended on the works during the year as per details given below against the expenditure of the last year, i.e., Rs. 1,08,115-13-10.

CHAPTER X.

FOREST.

112. The Forest Department remained under the control of His Highness the Nawab till 1st October, 1932, when it was handed over to the charge of the Revenue Member. Re-organisation was started but complete re-organisation was not possible in the one month remaining in the year. Babu Vithal Saran Saksena was appointed State Forest Officer.

113. The distribution of Ranges is as follows:—

- (1) Sadar Tonk
- (2) Chhabra
- (3) Sironj

Seventeen thousand and ninety-one maunds of free grass was supplied to the State stables. The balance in hand at the end of the year was 4,267 maunds in Sadar and 1,278 maunds in Sironj. There were 12 cases of fire, 3 of which involved a loss of 3,741 maunds of grass and 23 cartloads of firewood.

As shown in the last year's report, the Department was in a very rudimentary state. The New Forest Officer is re-organising it and plans are being made for the most important work of Demarcation.

A Forest Act is under preparation with rules and regulations under the same for the better administration of the State Forests.

Protection of forests from (1) fire, (2) cattle, (3) other kind of damage, their regeneration and prevention of undue exploitation are matters to be regulated by rules and regulations and brought under a regular system.

At present there are no roads for forest purposes but the proposed extension of the Sironj-Lateri road to Chanderi will greatly facilitate the export of timber from Lateri Forests.

CHAPTER XI.

MINOR DEPARTMENTS.

SPECIAL COURT OF WARDS.

117. The Special Court of Wards remained under the charge of Mr. R. J. H. Fitzpatrick, during the year.

2. At the commencement of the year, there were 88 Wards in the Special Court, whose total income was Rs. 1,69,093-0-4. Three new estates were brought under the Special Court during the year whose total income was Rs. 12,934-12-8. Five estates with an income of Rs. 3,241-15-7 were released during the year.
